DiversityBusiness.com Recognizes MVS as one of the nation's 2010 "Top Diversity Businesses"

Washington, DC, April 12, 2011 - Study after study shows people prefer to do business with experienced and successful companies. Each year DiversityBusiness.com collects and compiles the 'Top Business List' on a State and National basis. The data is used to determine the top businesses and the most successful entrepreneur's across the United States.

This year MVS has the honor of being recognized by DiversityBusiness.com as a 2010 Top 10 Diversity Owned Business in the District, as well as a 2010 Top 50 8(a) Business in the United States.

Our team is honored to be recognized by DiversityBusiness.com, and is proud to receive awards in five categories. MVS has been honored in the following categories:

- Top 50 Diversity Owned Business in Washington, DC (2008 & 2010)
- Top 100 8(a) Business in the United States (2010)
- Top 100 Privately Held Business in Washington, DC (2008 & 2010)
- Top 100 Subcontinent Asian American Business in the United States (2010)
- Top 500 Asian Owned Business in America (2008 & 2010)

Launched in 1999, DiversityBusiness, with nearly 50,000 members, is the largest organization of diversity-owned businesses throughout the United States. They provide goods and services to Fortune 1000 companies, government agencies, and institutions of higher education. DiversityBusiness also provides research and data collection services to corporate organizations throughout the country, which has been recognized and published by Forbes Magazine, Business Week and thousands of other print and internet publications.

MVS, Inc., a minority-owned Information Technology company headquartered in Washington, DC, is a leading small business provider of hardware, software and consultant services to federal, state and local government agencies. MVS's team has over 60 years of combined experience in Information Technology services, and its mission is to provide its government clients with leading edge solutions that encompass the latest industry technologies at the best value.
