## **MVS named Graybar 2009 Diversity Partner of the Year**

**Washington, DC, May 14, 2010** – MVS has been named Graybar’s “**2009 Diversity Partner of the Year.**” MVS, a leading provider of Information Technology solutions to the District of Columbia Government and State of Maryland, earned this honor for its significant growth in sales of Graybar solutions to local governments. Graybar, a leading distributor of electrical and communications products and provider of related supply chain management and logistics services, has partnered with MVS to provide the District of Columbia Government best-in-class data center equipment. MVS and Graybar together have provided significant product support to the District of Columbia as it completes the build-out of its new data centers. MVS and Graybar look forward to continue supporting the District of Columbia and other local governments as they improve and upgrade their datacenter infrastructure to achieve greater efficiency and reliability in their networks, communications, and information security.

MVS, Inc., a minority-owned Information Technology company headquartered in Washington, DC, is a leading small business provider of hardware, software and consultant services to Federal, State and Local Government Agencies. MVS’s team has over 30 years of experience in Information Technology Services, and its mission is to provide its government clients with leading edge solutions that encompass the latest industry technologies at the best value.
